

## ***attention FDA: Keep Irradiation Labeling!***

Re: Docket # 98N 1038,  
"Irradiation in the  
Production, Processing,  
and Handling of Food"

*demand the FDA keep irradiation labeling prominent by requiring  
product packaging and produce signage to use the radura symbol  
and the term "irradiated." I feel alternative terms such as "cold  
pasteurization" are misleading and should never be used.*
